GEOMON Kick-Off Meeting Agenda

February 12-14, 2007

Explanatory Notes

Plenary: presentation of the project (Monday Morning)

The leaders will provide an overview of each activity, and review the motivation and main elements of the plan. The Data Management strategy will be described.

Parallel breakout sessions for each activity, organisation of the work-plan in the first 12 months (Monday Morning/Afternoon)

During the parallel sessions for each activity the science work-plans, staffing, deliverables and delivery dates will be discussed. A catered working lunch will be provided.

Plenary: Reports from parallel sessions (Monday Afternoon)

The results from the discussions of the breakout sessions will be presented. The discussion will define cross-cutting issues.

Plenary: Keynote Lectures (Monday/Tuesday)

The keynote lectures will highlight the science questions that motivated the GEOMON project.

Dinner at the Bouillon Racine (Monday Evening)

Our dinner will be held at the Bouillon Racine, 3 rue Racine in the 6th arrondissement of Paris. A map will be available. Please let Cecilia Garrec know if you will be attending this dinner and if you are vegetarian as special arrangements can be made for you. The cost per person is 28 € (payable directly to the restaurant, Cash, Visa, Mastercard and American Express are accepted).

Contractors Committee Meeting (Tuesday Morning)

The Contractor's Committee (CC) is composed of one (1) representative for each partner institute, the coordinator and project office. Please nominate representatives for your institute. The CC reviews the status of the project and deals with any contractual matters needing attention. The CC will elect its chair, and a presentation on the reporting requirements will be given.

Plenary: Management and Organisation of GEOMON (Tuesday Morning)

The presentations will explain the elements of the management and the reporting requirements of GEOMON. The project office will be introduced.
